

# Steps in the Title Process: What They Mean to You

## Initial Request for Title Insurance

An order for title insurance is opened with a title officer who produces the initial response promptly within 24 to 48 hours. A preliminary report can be issued with the minimum of information; without even identifying the buyer or the terms of the sale. It shows the record title as it presently exists and is only an offer to provide insurance. To order a preliminary report contact your local Ticor Title representative or office.

## On-Site Searching and Examining

Your title officer performs three searches: Property, Name, and Tax searches. From that information, a preliminary report is created. Our on-site customer service center expedites the process of obtaining hard copies of recorded documents. Imaging helps to expedite searches with the ability to obtain documents on-line.

## Technical Review

The skill and expertise of our title officer is the key to providing you with a useful, accurate title report. Once the report is issued the review begins by making a technical analysis of the documents of record. An interpretive view of all recorded matters is made to evaluate their impact on the title to the property. Among the questions the examiner asks are: Would any of the recorded matters prevent the buyer from using the property for its intended purpose? Can antiquated leases be eliminated from the policy per a review of the current leases?

## Inspection Analysis

In anticipation of ALTA coverage, a site inspection is ordered. From the inspection report, the initial title product is supplemented to show any encroachments or other off-record matters which would ultimately impact the title.

## Co-Insurance, Re-Insurance, Other Details

If co-insurance or re-insurance is needed for a transaction, we expedite the confirmation of approval. You, the customer, are never bogged down or delayed by the action on the part of our title unit. To the contrary, as a resource and as a facilitator of the transaction, we assume the responsibility for as many details as possible and are able to direct you to other resources where necessary (such as for a lost instrument bond).

## We Earn Your Respect with our Skills, Service and Solutions

We try not to point out impediments to the close of a transaction without also offering assistance and solutions. By understanding the sometimes delicate balance of the interests of the parties to a transaction, and by professionally and courteously handling issues as they arise, we can capably guide a transaction to a successful conclusion.
